The International Committee for the Preservation of Har Hazeisim has been formed to prevent the shameful desecration of Har Hazeisim from continuing and to repair the destruction that has already taken place. It is shocking to learn that all this has been taking place in full view of the Israeli government and that nothing has been done to stop it. The Committee has undertaken to arouse public awareness and to help create police protection and erect walls to keep out the intruders. Without public interest the silence of the "powers that be" will continue. Please respond and donate generously to assist the heroic members of the Committee in their holy work.

With grave concern,

Rabbi Yisroel Belsky
